

Job Title: Java Developer

Job Summary:

We are looking for a skilled **Java Developer** to design, develop, and maintain high-performance Java-based applications. The ideal candidate should have a good understanding of **Java programming, object-oriented concepts, database management,** and the **software development life cycle (SDLC)**. You will work closely with other developers, testers, and project managers to deliver efficient, scalable, and secure applications.

Key Responsibilities:

- Design, develop, and maintain **Java applications** based on business requirements.
 - Write **clean, efficient, and well-documented code** using Java.
 - Debug and resolve technical issues and application errors.
 - Collaborate with **front-end developers, database administrators, and testers**.
 - Participate in **code reviews** and ensure coding standards are followed.
 - Work with frameworks such as **Spring / Spring Boot / Hibernate**.
 - Integrate applications with **databases** (MySQL, PostgreSQL, or Oracle).
 - Perform **unit testing** and ensure the reliability of developed features.
 - Stay updated with the latest Java technologies and tools.
-

Required Skills:

- Strong knowledge of **Core Java** (OOPs, Collections, Exception Handling, Multithreading).
- Experience with **Spring Framework, Spring Boot, and Hibernate**.
- Familiarity with **RESTful APIs** and **JSON/XML**.
- Basic knowledge of **SQL and relational databases**.
- Understanding of **Git** or other version control systems.
- Good problem-solving and debugging skills.

- Excellent teamwork and communication abilities.
-

Educational Qualification:

- **Bachelor's or Master's degree** in Computer Science, Information Technology, or a related field.
-

Preferred Skills (Good to Have):

- Knowledge of **Microservices Architecture**.
 - Experience with **cloud platforms** like AWS or Azure.
 - Familiarity with **frontend technologies** (HTML, CSS, JavaScript).
 - Experience with **Maven/Gradle**, and **Jenkins** for build and deployment.
-

Job Type: Full-time

Experience Level: Entry-level / Mid-level / Senior (based on hiring need)

Location: [Company Location or Remote Option]
